## Triple J Enterprises, LLC

Our management team has over 40 years' experience in the construction industry. Triple J Enterprises, LLC is adept at executing various contract delivery methods including lump sum, unit-based, cost plus, time and material, and turnkey EPC. We collaborate with our employees to ensure they follow all guidelines and procedures per client. Our pledge is to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance by every construction team member.

### **Services**

Since 2009, Triple J Enterprises, LLC has specialized in the following construction services:

- Site Work
- Utilities
- Civil Facilities
- Erosion Control
- Pipelines

### **Our Mission**

Triple J Enterprises, LLC is dedicated to providing quality construction services to our customers. We strive to implement a long-term relationship with our clients, based on safety, quality, timely service, and an anticipation of their needs. To help fulfill this mission, we will treat all employees fairly to involve them in the quality improvement process to insure responsiveness and cost-effective work execution. We will also work very closely with architects and engineers to ensure that projects are completed on time and within budget.

### **Corporate Strengths**

Our Triple J team is comprised of construction professionals each with 20-30 years of experience. Their backgrounds give them a keen understanding of the client's perspective and the importance of consistently delivering a quality service and staying within budget. We are accustomed to working in a highly regulated industry; therefore, we realize the critical importance of record keeping and compliance practices. We will partner with our clients to ensure specific needs for each project are met (management reporting, document retention,

etc.). We understand your challenges and how we can partner with you to overcome them, on budget, on time, and in compliance.

Triple J's clients can count on having a dedicated project point of contact. Our client representatives commit to periodical on-site visits to ensure that our clients are satisfied with employee performance and to ensure that the employees' skill set is a fit for the project. In addition to dedicated on-site visits, our clients can count on key communication to ensure that only highly qualified individuals are recommended for the project. Triple J offers standardized training and prefers to collaborate with our clients to administer "client" mandated personnel training.

Our commitment to our clients necessitates us to provide qualified and experienced personnel to meet client specifications and requirements. Furthermore, every new employee is subject to DOT Drug and Alcohol Screening and Pre-Employment Background Checks.

### **Business References**

At Triple J Enterprises, LLC we are driven by the highest standards of ethical business conduct and by a commitment to operating with integrity and efficiency in every aspect of our business. Our employees, clients, and partners can rely on our promise of fairness, honesty, and respect. At Triple J, our goal is to build long-lasting professional alliances, as well as trusted partnerships.

### **Safety Management Approach**

Triple J's policy is to ensure that all work is conducted safely and environmentally compliant. Rules, regulations, and policies about safety and environmental requirements must be met at all times. All Triple J employees are held to these standards without exception.

Triple J's employees are required to follow all policies and procedures described in the Employee Safety Policy Manual. The manual is regularly reviewed and updated by our staff, Safety professionals, our insurance underwriter, and as part of our ISNetworld review and verification services (RAVS) client-specific rating process.

### **Employee Training Programs**

Triple J subscribes to various training resources such as Avetta, Veriforce, MEA, and EnergyU for delivery, tracking, and execution of its management needs. Reports can be provided to the client to demonstrate the completion of specific training for each of our staff.

### **ISNetworld**

Triple J maintains a positive rating in ISNetworld (a global resource for connecting corporations with safe, dependable contractors). Triple J employees always review our client's internal safety requirements before the start of each assignment to ensure that all client-specific safety rules and policies are followed. Triple J is committed to 360-degree safety, which is one of our core values. The personal safety of our staff at home, in the office, and in the field as well as designing clients' projects for safe implementation and operation is ingrained into our culture.
